

# Healthcare Quality Coalition of Colorado

## 2008 Spring Educational Conference

*Wednesday May 21, 2008*

*3:00- 7:00 PM*

*Sky Ridge Medical Center*

*10103 Ridge Gate Parkway*

*Auditorium*

### **Redesigning the Care Process (3:00-5:00 PM)**

**By**

***Sandra Sieck, RN***

*Healthcare Reform Field Specialist*

#### **Objectives:**

- *Understand the steps needed to develop a quality driven healthcare system, which results in decreasing length of stay, reducing costs, increasing revenues, and improving quality of care.*
- *Compare the revolution of fee for service to the evolution of cost avoidance in healthcare.*
- *Describe government agency roles and the impacts to patient satisfaction, quality, and cost to institutions.*
- *Understand steps in developing a comprehensive plan from point of entry to discharge for overall hospital operations*

### **Updated 2007 ACC/AHA Guidelines: Optimal Treatment Strategies for the ACS Patient (6:00-7:00 PM)**

**By**

***M. Eugene Sherman, MD***

*Governor, Colorado Chapter of ACC*

#### **Objectives:**

- *Describe the Pathophysiology of ACS nSTEMI/UA*
- *Present the updated 2007 ACC/AHA Guidelines for ACS nSTEMI/UA with emphasis on the changes in therapy and management.*
- *Case examples to illustrate care options*
- *Discuss the use of data bases in improving care of patients with ACS.*

*Intended Audience: Physicians, Executive Leadership members, Quality Professionals, Hospital and Department Leaders*
